

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

TABLE IV.

**TOWNS CLASSIFIED BY POPULATION
WITH VARIATION SINCE 1875.**

NOTE.—Separate enumeration of the urban population was for the first time undertaken only in 1891.

The limits of the towns of Ernakulam and Irinjalakuda were extended in 1901.

Kunnankulam and Tattamangalam were for the first time treated as towns in 1901.

The figures in columns 4 and 5 have been obtained by adjusting the population with reference to the area of the towns as fixed for the Census of 1901, and are therefore only approximately accurate.

Desamwar *i. e.* Villagewar figures showing distribution by sex are not available for 1881 and 1875, and the columns for the same are therefore omitted.

TABLE IV.

**TOWNS CLASSIFIED BY POPULATION
WITH VARIATION SINCE 1875.**

NOTE.—Separate enumeration of the urban population was for the first time undertaken only in 1891.

The limits of the towns of Ernakulam and Irinjalakuda were extended in 1901.

Kunnankulam and Tattamangalam were for the first time treated as towns in 1901.

The figures in columns 4 and 5 have been obtained by adjusting the population with reference to the area of the towns as fixed for the Census of 1901, and are therefore only approximately accurate.

Desamwar *i. e.* Villagewar figures showing distribution by sex are not available for 1881 and 1875, and the columns for the same are therefore omitted.

TABLE IX.

EDUCATION BY SELECTED CASTES, TRIBES OR RACES.

NOTE. —Persons literate in English and also in another language are shown under both heads, and the totals of columns 11 to 23 are therefore frequently in excess of the corresponding totals in columns 5 to 7.

Though Malayali Kshatriyas are few in number, they are dealt with separately, in view of their important position in the State.

For purposes of this table, Adiyodi, Nampidi and Unithiri are clubbed with Ambalavasi; Kavutiyar and Tiyyar with Iluvan; Arayan, Marakkan and Mukkuvan with Valan.

Low Caste Nayar includes Veluthedan and Velakkathalavan (washerman and barber).

For castes included under Ambalavasi and Kammalan, Vide Table XIII.
